Summary

Gameplay & Tools Engineer specializing in C++, Unreal Engine, and multi-disciplinary collaboration. Experienced in designing modular gameplay systems, prototyping mechanics, and shipping titles. Seeking AAA Gameplay Engineer roles.

EXPERIENCE

Vancouver Film School - Vancouver, BC

03/2026 - 08/2026

Mobius Fish | Gameplay & UI Engineer (WIP)

- Designed and implemented an infinite procedural level generation system, optimizing memory usage and object instantiation to ensure smooth frame rates during gameplay.
- Developed a dynamic challenge scaling algorithm that tracks player progression metrics and adjusts enemy attributes and spawn rates in real-time.
- Architected modular weapon system using Unreal Gameplay Ability System (GAS), enabling designers to balance values instantly through data-driven upgrade scaling with Data Tables and Data Assets.

Vancouver Film School - Vancouver, BC

01/2025 - 03/2026

Escape From Bear Island | Gameplay & Tools Engineer | itch.io

- Engineered decoupled finite state machine (FSM) enemy AI system supporting complex behaviours (patrolling, chasing, attacking), enhancing maintainability and code readability for future development.
- Collaborated with a multi-disciplinary team of artists and designers, translating abstract gameplay concepts into robust, well-documented technical implementations that improved overall game functionality.
- Built custom in-engine debugging and developer tools enabling designers to modify player attributes, trigger states, and test mechanics quickly in real-time, streamlining the development process.

Tim Hortons - Winnipeg, MB

08/2022 - 08/2025

Team Member

- Trained new staff on operational procedures and best practices to enhance team effectiveness.
- Assisted in training new team members on operational procedures.
- Collaborated with team members to streamline workflow processes.

EDUCATION

Vancouver Film School - Vancouver, BC	08/2026
Diploma: Programming For Games, Web & Mobile	
Louis Riel Arts & Technology Centre - Winnipeg, MB	06/2024
Certificate: New Media Design	
J.H. Bruns - Winnipeg, MB	06/2024
High School Diploma	

SKILLS

- **Engines & Frameworks:** Unreal Engine 5, Unity 6, GAS framework
- **Languages:** C++, C#, Python, JavaScript, TypeScript, HTML/CSS
- **Tools & Systems:** Git / Fork, Firebase, Visual Studio, JetBrains Rider
- **Production & Workflow:** Agile/Scrum, Technical documentation, Task Management
